THE CANADIAN LAND AND EMIGRATION CO.

OFFER FOR SALE ON CONDITION OF SETTLEMENT,
GOOD FARM LANDS
IN THE
COUNTY OF PETERBOROUGH, ONT.

TOWNSHIP OF DYSART,
ADJOINING TOWNSHIPS,

\$1.50 AN ACRE.
1.00 "

Official reports to the Crown Land Department and the County Council prove that in North Peterborough, where the Company's Townships are situated, there is a large tract of excellent Farming Lands.

The Township of Dysart is well settled with Saw and Grist Mills, Stores, Post Office, Schools, &c. An Incumbency of the Church of England is established in Dysart and other religious denominations are represented. The village of Haliburton is situate in the centre of the Township, at the head of a Lake on which a small steamer plies regularly.

The other Townships are all accessible from Haliburton by good roads constructed or improved by the Company. The Company's Townships form one Municipality which derives the benefit of the Taxation of the Company's Wild Land.

In no other part of the Province, where there are at all corresponding advantages, can Wild Land be obtained at anything like the above prices.

ACCESS BY RAIL, STAGE, AND STEAMBOAT.

Maps, Circulars, and full information can be obtained at THE COMPANY'S OFFICE, George Street, Peterborough.

DIRECTORY

OF

THE COUNTY OF PETERBOROUGH,

FOR 1870-71.

INTRODUCTION.

In laying this volume (my first edition) of the *County of Peterborough Directory* before the public, it would perhaps be too much for me to assert that it is entirely free from errors, as this could scarcely be safely said of any work of the kind ever published. This being the case, I content myself with the statement that no pains or trouble have been spared on my part to secure accuracy, and that whatever errors (if any) may be discovered in the work they will turn out of a trivial and immaterial character.

The County of Peterborough is situated in nearly the centre of the Province of Ontario. It is four townships wide by nine townships in depth, extending from Rice Lake, River Trent and the County of Northumberland, which form its Southern boundary to the unsurveyed regions of the great territory lying to the North of this portion of Ontario, a distance of about 100 miles, while its Western boundary is formed by the Counties of Durham and Victoria, its Eastern line is made by the County of Hastings.

The County of Peterborough comprises 35 townships, and the incorporated town of Peterborough and the Village of Ashburnham, making 37 Municipalities, which are divided for Parliamentary purposes into two Ridings, the East and the West, the former of which embraces the townships of Otonabee, Asphodel, Dummer, Douro, Harvey, Burleigh, Galway, Cavendish, Anstruther, Snowden, Glamorgan, Monmouth, Cardiff, Chandos, Methuen, Belmont, Minden, Dysart, Dudley, Harcourt, Stanhope, Guilford, Harburn, Bruton, Sherborne, Havelock, Eyre, Clyde, McClintock, Livingstone, Lawrence, Nightingale, and the incorporated Village of Ashburnham, of the above named Municipalities the eight following are still unsettled and are held by the Government or the Canadian

Land and Emigration Company, (*viz.*,) Sherborne, Havelock, Eyre, Clyde, McClintock, Livingstone, Lawrence and Nightingale, while the following nine (in one block) Dysart, Dudley, Harcourt, Guilford, Harburn, Bruton, Havelock, Eyre and Clyde, are held by the Canadian Land and Emigration Company (limited) under a patent from Government given in 1865. These nine townships embrace about all the good farming lands in the northern part of this county, and the Company are disposing of their lands to actual settlers on very advantageous terms, and for that purpose they have located in the town of Peterborough their head office, under the able management of Chas. J. Blomfield, Esq., of whom all other particulars can be had upon application.

The West Riding is composed of the townships of Ennismore, Smith, North Monaghan, the incorporated town of Peterborough and the township of South Monaghan, which for all other purposes but Parliamentary representation is connected with the County of Northumberland, but this township, has given notice of their intention to have introduced a bill in the Legislature of Ontario to permit them to withdraw from Northumberland, and to connect themselves with this county for all purposes.

Each Riding is represented in the House of Commons of Canada, and the Legislature of the Province of Ontario, by one member for each House. The East Riding is represented in the Dominion Parliament, at Ottawa, by Mr. P. M. Grover, of Norwood, and in the Legislature of Ontario at Toronto, by Mr. George Read, of Keene, while the welfare of the West Riding is looked after by Mr. Charles Perry of Peterborough at Ottawa, and Mr. John Carnegie, jr., of the same place at Toronto.

The municipal government of the county consists of nineteen members, being the Reeves and Deputy Reeves elected by the different municipalities, and composing the body known as the County Council.

Peterborough is a county of great natural wealth, and all it needs to take its place as one of the greatest counties in the province is a thorough development of its great natural resources; and here it may not be out of place to add that the great mineral wealth of the back part of the county has induced men of capital to form several companies for its development, amongst which I may mention the Galway Lead Mining Company, which, owing to the energy displayed by its managing director, Mr. H. C. Rogers, of Peterborough, bids fair to favourably compare with any lead mining company on the continent.

Of its area—estimated at 1,200,000 acres—only a small portion, *viz.*, about 160,000 are cleared, while the balance is either in

the hands of the Government, the Canadian Company or lumbermen. Of those that are cleared, the major part is under cultivation, and the remainder is devoted to pasture. The soil in some parts is rich and fertile and very productive, while in others it is nearly one mass of rock; but these acres upon acres of rock undoubtedly fairly teem with mineral wealth which only need enterprise and capital to turn into so much solid gold.

The front townships are noted for the large quantities of grain raised annually, which, in quantity and quality, will compare favourably with any raised in the Province.

Peterborough, the county town, is situated in the township of North Monaghan, and, for its size, is one of, if not the smartest town in Canada.

The principal manufactures are flour and lumber, but there are also a number of woollen and other factories scattered over the country in which a large business is done. A large portion of the population—numbering about 33,000—are agriculturists. There are, however, a large number of lumbermen, manufacturers, merchants and traders.

On the back lakes and streams, in which the county abounds, some of the largest and finest sawmills in America are to be found, constantly giving employment to hundreds of men in manufacturing lumber, mostly for the United States markets, which is loaded on scows at the mills, and then towed by steamboats through the different lakes to Lindsay (County of Victoria), or drawn by teams to Lakefield or Peterborough, where it is shipped to Port Hope (in the County of Durham, which has a fine harbour on Lake Ontario), a distance of 30 or 40 miles by rail, and there again re-shipped on vessels for some of the various ports in the United States. There are two newspapers published in the county, both issued weekly from their respective offices in the county town.

Peterborough possesses a large number of churches of various denominations. Large sums are voted annually by the different municipalities to the interests of education, and the county possesses some excellent Grammar and Common Schools. The County of Peterborough is also remarkable for the almost total absence of outrage and crime within its borders.

One great means which must serve most beneficially in the future development of the resources of the county, and advancing its material prospects, is its communication with the front counties via Port Hope and Peterborough Railway, which rises at the fine harbour of Port Hope, County of Durham, on Lake Ontario, and extends some eleven miles back of the county town to the village

of Lakefield, being a total distance of some forty miles, and as this road, under the management of Mr. A. T. Williams, of Port Hope, its energetic superintendent, will be extended on as the back country improves, this county has as good a railway prospect as any in Canada. This, combined with the contemplated road to Haliburton, furnishes good ground for the people of Peterborough to look proud and hopefully to the brilliant future of their fair county.

ASHBURNHAM.

An incorporated village, situated in the township of Otonabee, on The river of the same name, which separates it from Peterborough, the county town, was first settled by the Rev. Samuel Amour in 1826 or '27, and for some time thereafter it was the rival of Peterborough, but finally the latter place got the lead of it, and since then it has formed, correctly speaking, merely a suburb of the county seat. It was formerly known as the Scotch Village, which name was changed to East Peterborough, but in 1857 or '58, it was incorporated under its present name. The first store was opened by Mr. A. Wark in 1833 or '34, and the post-office was established on the first of January, 1859—Mr. R. D. Rogers, the present Reeve, being the first and present postmaster. On account of its close proximity to Peterborough, it contains no church edifice; but there is a fine brick school-house, which was erected in 1864, at the cost of nearly \$1,700; also a town hall—a frame building, erected in 1834 or '35, at the cost of some \$800, and more recently a company drill-shed of the same material, built in 1867, costing about \$850. The civil societies are represented by two Orange Lodges, Nos. 49 and 457, while the military spirit is shown by one volunteer company, No. 4 (57th battalion), under the command of Captain James Z. Rogers. The manufacturing interests are represented by one combined foundry and machine shop, one flour and grist mill, one sawmill, one woollen mill, one flax mill, one sash and door factory, one axe factory, one turning factory, one tannery, one brewery, and the usual number of tradesmen. The mercantile representatives are one general store and several groceries; two hotels, &c. Daily mail. Population about 1,100.

HASTINGS,

A post village situated on the River Trent, being partly in the Township of Asphodel, County of Peterborough, and partly in the Township of Percy, County of Northumberland. The post office

being in Peterborough County. This place during the summer season is very lively, owing to the fact that about all the timber cut in the back part of the Counties of Peterborough and Victoria, destined for Quebec and Montreal markets, passes through the locks in the River Trent situated at this place, on its way to Lake Ontario, by the string of lakes and rivers intervening between where it is made and the mouth of this river at Trenton, County of Hastings, where it is made up into rafts and floated or towed down the Bay of Quinté into Lake Ontario, and so on through the River St. Lawrence to the markets above referred to.

The mercantile business of the place is represented by several general stores, groceries, hotels, &c. The Montreal Telegraph Company have lately opened an office in the post office building to supply the wants of the community, especially those of the manufacturers, a large number of which have located along the river on both sides, among which I may mention a flour and grist mill, a saw mill (manufacturing a large amount of lumber annually for American markets,) a woollen mill, a cotton factory, a foundry and a tannery. The water privilege possessed by this place gives it communication with all places around Rice Lake, by several small steamers kept constantly plying during the navigable season of the year.

The Masonic Lodge No. 150, the Orange Lodge No. 549, the I. O. G. T. Lodge No. 359, and a youthful temperance organization known as the Band of Hope, hold regular meetings in the place. There is also a Volunteer Company connected with the 57th Battalion, under the command of Acting Captain H. B. Morton, which meets for drill in a shed erected for that purpose. The schools are two primary ones with a fair number of pupils in attendance while the churches four in number are as follows:—

Church of England, (frame) erected in 1862 at the cost of some \$1200. Roman Catholic, (stone) erected in 1864-5, costing about \$10,000. Canada Presbyterian, (brick) originally erected in 1856-7, and since improved at the entire cost of about \$3,000. Wesleyan Methodist, (brick) erected in 1863, costing about \$2500. Distance from Peterborough 25 miles; Colborne 24 miles; Norwood 7 miles. To all of which places it is connected by stage. Daily mail, &c. Population between 900 and 1,000.

K E E N E ,

A post village, situated on the Indian River, near Rice Lake, in the township of Otonabee. By means of the above waters this place has connection with Hastings and all other places on Rice Lake by steamer during the summer season, and by stage with Peterborough and Norwood throughout the entire year. It was first settled by Mr. Thomas Carr, sen., in 1820. The first store was opened by Donald Campbell, of Cobourg, in 1828, and the post office was established in 1832, Mr. Thomas Carr, sen., being the first postmaster. At present two civil societies hold meetings in the place—the loyal Orange lodge No. 484, and the Sons of Temperance division No. 128. The manufacturing interests are

NORWOOD,

A post village situated in the township of Asphodel, was first settled by Joseph A. Keeler, Esq., in 1827-8. The first store was opened by Mr. James Foley in 1839-40. The post office was established in 1844, Mr. James Foley being the first postmaster. At the present time, the village is one of the most prosperous in the county. The Orange body have a lodge (No. 34) holding regular meetings in a hall (frame), built by them several years since, while the British Templars (No. 57) also meet in the same place; and the Masonic brotherhood are about establishing a lodge. The military

spirit of the place is represented by a volunteer company, No. 6, 57th battalion, captain T. M. Grover. The public buildings are the Town Hall and Grammar School building, both in one, erected in 1854-5, of brick, and since then improved, at the entire cost of \$3,500; a company drill shed (wood), built in 1867, at the cost of about \$600, and the following churches: the Church of England (brick), erected in 1854, costing about \$3,000; the Roman Catholic (stone), now in the course of erection, and will cost, when completed, about \$12,000; the Canada Presbyterian (rough-cast), erected in 1845-6, at the cost of nearly \$2,500; the Wesleyan Methodist (rough-cast), erected in 1854-5, at about the cost of \$2,500; and the Congregational (rough-cast), erected in 1842-3, costing some \$500.

The manufactoryes are a grist mill, a woollen mill, a hub and spoke factory, two tanneries, a foundry, and a large number of mechanical representatives. The mercantile business is represented by a number of general stores, hotels, &c. The Montreal Telegraph Company have an office lately opened in the post office building, connected with Marmora, 22 miles; Colborne, 30 miles; Keene, 18 miles; Hastings, 7 miles; and Peterborough, 20 miles, by daily stages. Daily mail, &c. Population between seven and eight hundred.

PETERBOROUGH,

An incorporated town situated on the Otonabee river in the township of North Monaghan, was surveyed in 1825, by Richard Birdsall, Esq., Surveyor, under the direction of the Hon. Zaccheus Burnham. A reserve was made for a site for the future town in 1818, at the time of the survey of the township, but as stated above, the town was not laid out by actual survey until early in the year 1825.

In May, 1819, a party of gentlemen from the front came up the Otonabee in a skiff for the purpose of selecting a mill site and otherwise prospecting in the new townships. These were Charles Fothergill, Thomas Ward, John Farrelly, Adam Scott, Barnabas Bletcher and John Edmison. After accomplishing their object by discovering that by a trifling outlay a mill site could be had on what is now known as the corner of King and Water streets, the party returned down the river well satisfied with their expedition. The little piece of engineering thus projected was successfully carried out by Mr. Adam Scott, who, in two years thereafter, (1821,) had a saw and grist mill in operation under one roof, and therefore he became the first actual settler of what was then known as Scotch Plains, but now is the flourishing town of Peterborough.

In 1827, in honour of the Hon. Peter Robinson, to whose successful labors in promoting immigration, the county felt itself so much indebted, the name was changed from Scotch Plains to its present designation. (I may mention here, that for much of this introduction the compiler of this Directory is indebted to a work known as "A Sketch of the early Settlement, &c., of the Town of Peterborough," by Thomas W. Poole, M. D., as this work contains a great many interesting reminiscences of the early settlement of the town and county, it should be in every family.)

The first store was opened by a Mr. Stewart in 1825, but owing to the loose manner he had of conducting business, was shortly succeeded by George G. Bethune, Esq., of Cobourg, who opened one under the management of Mr. Green McDonnell.

The Post Office was established in about 1823-4, Mr. Tupper, a tanner, being the first Postmaster, but shortly afterwards was succeeded by G. G. Bethune, Esq.

From this small beginning, this town has continued to keep on growing and progressing until at the present it is considered either as regards the wealth and energy of its merchants and manufac-

turers, industry of its inhabitants, prosperity of its citizens in general, or the cost and beauty of its public buildings and many private palatial residences—the most prosperous inland town of its size in the Dominion, and long may it continue so, is the hope of a well wisher of this beautiful place.

The town lies on mostly level ground, but in some parts there are a few rising places which form splendid sites for private or public buildings. By the means of the water power furnished by the Otonabee which divides it from the village of Ashburnham, it must become as the county clears up, a large manufacturing emporium. At the present time the banks on both sides of the river are pretty well lined with mills, factories and machine shops, but still there is room for more, and no man with capital looking for a favourable location to start any kind of manufactory can find a better place than this town. There are also located on the creek running a little west of the centre of the town several large and prosperous combined foundries and machine shops, mills, tanneries, &c. The streets are wide and spacious, and on several of them are buildings that would be a credit to any city in Canada.

By the energy of a few of the townspeople combined with Mr. Charles Perry, of Ottawa, the town is shortly to be lighted with gas, and all it now needs is water works, and with its fine advantages for such, they undoubtedly will be built before long.

There are two newspapers, the *Review* and *Examiner*, published in the town, the former under Robert Romaine, Esq., proprietor, and the latter under proprietor and editorship of James Stratton, Esq. Both of these journals are far above the average merit of country newspapers, and both derive the large patronage bestowed upon them by a wealthy and appreciative community.

On the 1st of January, 1850, the town was incorporated, and during the following year the Town Hall, (brick), Music Hall and Market House was built at the cost of some \$6000 dollars. The above building in a few years was found incomplete in office accommodation for the Mayor, Town Clerk and other officers of the municipality, so the town erected an engine-house (brick) three stories high on Simcoe, near Water street, with the requisite offices in the second and third stories. At the cost of nearly \$4000.

Being the county town it contains the usual buildings, Court House, Gaol, &c., (stone). The buildings are built on fine rising ground near the river, and by their commanding position a fine view of the whole town may be had from them. They are built in

a park containing several acres of ground, which is laid out in walks and avenues as a place of resort for the citizens during the warm summer evenings. They were commenced in 1838, but were not completed until 1841, at the cost of nearly \$30,000, since then (1864-5) a new gaol (stone) has been built at the cost of nearly \$16,000, so that the present county buildings, including the Registry office, and other improvements have cost the county nearly, if not quite \$70,000.

Being the head quarters of the 57th Battalion, the drill shed (wood), was erected here in 1867, at the cost of \$2,500.

The school houses are a united Grammar and Common (yellow brick), erected 1859 at the cost of about \$16,000. Also a Separate School House (red brick), erected several years since, and the Roman Catholics have lately opened a nunnery for the education of young ladies, besides these there are several primary and private ones, so the education of the youth of neither sex is neglected.

The Churches are—the Church of England (St. John's, of stone), erected in 1834-5, and with improvements since made costing a little over \$12,000. The Roman Catholic, (St. Peter's, of stone), erected in 1837-8 at nearly the same cost. The Church of Scotland, (St. Andrew's, of stone), erected in 1836. The Canada Presbyterian, (brick), erected in 1859 at the cost of \$20,000. The Wesleyan Methodist, (rough-cast), erected in 1844, enlarged in 1854. The regular Baptist, (rough cast), erected in 1845 at the cost of \$14,00, and the Bible Christian (brick), erected in 1853. I may here add that I usually give the cost of all the churches in the place, but as I could not procure all the figures for this place, I was obliged to omit doing so much against my inclination.

The town has two Volunteer Infantry Companies, (57th Battalion) which have shown in times gone past, that in the hour of national peril they may be relied upon to go forth and fight until death (if necessary) for Queen and Country. Too much encouragement cannot be given to those brave men, who at a moment's notice are willing to leave all a man holds most dear, home and friends, and go forth and peril even life itself that the honor and credit of their native or adopted country may not suffer an unnecessary stain or dishonor. In this connection I may mention that the town boasts an excellent Brass Band, also connected with the Battalion, under the able leadership of Professor Rockett. During the summer this band weekly favors the townspeople with a grand promenade concert in the Court House Park. This usually takes place un Thursday evenings. The Montreal,

Toronto and Ontario Banks each have a branch located here, all said to be doing a large business. The Masonic, Orange and Temperance bodies each have lodges in the place. There is also a Fire Engine Company efficiently organized and in operation.

The mercantile business of the place is large and continually growing as the surrounding country is developed. The accommodation for the travelling public is well looked after by several as fine hotels as there are to be found in Canada. Daily mails. Money Order and Savings Bank Departments. Express and Telegraphic offices, &c., connected with all places in Canada, and the United States by P. H. L & B. R. R., to Port Hope, (distance 30 miles), thence by R. M. Steamers or G. T. R., from Montreal 300 miles; Toronto 73; Lindsay 30 by the steamer *Ogemah* through Chemong, Pigeon, and Sturgeon Lakes. This is one of the finest inland trips in America.

DOCTOR

McCULLOUGH,

GRADUATE OF TRINITY COLLEGE, DUBLIN, IRELAND,
AND LICENTIATE OF THE DOMINION OF CANADA,

PHYSICIAN, SURGEON, ACCOUCHEUR, &c.,

AND LATE SURGEON OF THE U. S. ARMY & NAVY,

Wishes to inform the public at large, that having had upwards of *Thirty Years* experience in the practice of Physic, Surgery, and Midwifery, both in the cities and Hospitals of Europe and America, besides an experience of upwards of Five Years in the Camp, Post, and Marine Hospitals of the U. S. Army and Navy.

Dr. McCULLOUGH would intimate to the Sick and Afflicted that with the above experience, together with a thorough Dublin University Education, he is enabled to treat and cure all melancholy, diseases, whether ACUTE, or CHRONIC, with which the human family are afflicted, (many of which were once thought incurable,) in the most scientific manner, and without that pain and torture once endured.

~~Dr.~~ Dr. McCULLOCH would also notify the public, that he is prepared to treat and cure the FIRST and SECOND STAGES of CONSUMPTION, and all diseases of the CHEST and LUNGS, by PANCREATINE, and the INHALATION of ATOMIZED LIQUIDS, in their different forms. Also, Bronchitis and Coughs, no matter how long standing by the above successful treatment.

Dr. McCULLOUGH would confidently assure all persons troubled with ~~Dr.~~ PRIVATE or PUBLIC DISEASES of any kind or description whatever, that his ability to treat and cure all such can be equalled by none.

Dr. McCULLOUGH will be found in his Office, or at his Residence, at all hours of the Day and Night, except when out on professional business.

N. B. All Communications strictly Confidential.

OFFICE—Hunter street, opposite J. R. Ormond & Co's., Watchmakers and Jewellers.
